***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 18 July 2006 has been entered.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance of claims 1-20, 22 and 29-32.

a. For independent claim 1, the prior art of record does not disclose or clearly suggest an apparatus having a wall, spaced graduations on the wall, a surface on the wall which reflects an image of an object located in front of the wall, wherein the front surface has a first area and the depiction occupies only a part of the first area and the user can see his/her reflected image in such a manner that the reflected image appears to the user to be integrated with the subject matter of the depiction in combination with the remaining limitations of the claim.

Claims 2-20, 22 and 29-32 recite limitations which, in combination with allowed claim 1, render the dependent claims allowable.

- b. Furthermore the Applicant's arguments, and in particular the arguments from page 11 line 3 through page 12 line 4, are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record is considered pertinent to Applicant's disclosure. The prior art cited in PTO-892 disclose related apparatus.
